

UNIVERSITY OF MASSACHUSETTS GLOBAL AT A GLANCE

About University of Massachusetts Global

Founded in 1958 and accredited by WSCUC, University of Massachusetts Global (UMass Global) is a nonprofit affiliate of the University of Massachusetts, committed to helping adult learners change their lives through education. We offer over 55 online programs tailored for workplace relevance — associate, bachelor's, master's, and doctoral degrees, along with teaching credentials, stackable certificates, and authorizations. We are known for attentive student support, accommodating transfer policies, high graduation rates, alumni satisfaction, and low student debt loan default rates.

Quality Instruction, Curriculum, and Competency Based Education

Built to help working learners earn college degrees and advance in their chosen professions, the university offers academic schedules with new sessions that start every eight weeks on a year-round basis. Qualified full-time faculty and adjunct faculty serve student needs in a variety of undergraduate, graduate, credential, and professional development programs. We maintain a full-time professional staff that provides the personal attention to each student that is the hallmark of the university's reputation.

UMass Global's unique IDEAL, Instructional Design for Engaged Adult Learning, approach to curriculum design blends the best practices of teaching, curriculum design, and the latest technologies to give students a competitive edge in today's technology-driven, networked world.

UMass Global has emerged as a leading pioneer in online competency-based education. Through MyPath, the university offers accredited associate, bachelor, and master's degree programs delivered on new technology platforms. MyPath students move at their own pace while working entirely online via a tablet or laptop device. With MyPath, many students complete their college educations in less time.
